

**ARRIVAL AND DEPARTURE INFORMATION  
HAMBURG CRUISE CENTER ALTONA  
SUNDAY, 07 June 2026**

Dear Travelers,

Due to the IRONMAN Hamburg European Championship 2026, there will be numerous traffic disruptions in Hamburg's city center, Altona, Othmarschen, as well as in the Vier- und Marschlande area. To make your arrival and departure easier, we have compiled all relevant information for you on this information sheet. As a general recommendation, we advise you to avoid the city center as widely as possible.

A designated crossing point has been set up at Max-Brauer-Allee / Königstraße / Palmaille, allowing you to cross the race course and ensuring access to the Cruise Center in Altona via Kaistraße. This crossing point is the only connection in this area that can be reached by car. Please note that longer waiting times may occur and that crossing cannot be guaranteed. As an alternative, we recommend using public transportation. Coming from the main train station or the airport, take the S1/S3/U3 to the stop "Landungsbrücken". From there board the HVV ferry (Line 62) heading toward Finkenwerder and ride to the stop "Dockland".

**The road closures will be in effect**
